

needed under the statewide standard, and are made in accordance with the State method for determining the amount of the payments, as specified in § 233.31 for AFDC and in §§ 233.24 and 233.25 for OAA, AB, APTD, and AABD.

(3) Federal participation is available in financial assistance payments made on the basis of the need of the individual. This basis may include consideration of needy persons living in the same home with the recipient when such other persons are within the State's policy as essential to his well-being. Persons living in the home who are "essential to the well-being of the recipient," as specified in the State plan, will govern as the basis for Federal participation (see Guides and Recommendations). When the State includes persons living outside the home or persons not in need, Federal participation is not available for that portion of financial assistance payments attributable to such persons, and the State's claims must, therefore, identify the amounts of any such nonmatchable payments.

(4) For all assistance programs except AFDC, Federal participation is available for supplemental payments in the retrospective budgeting system.

(c) *Federal financial participation in vendor payments for home repairs.* With respect to expenditures made after December 31, 1967, expenditures to a maximum of \$500 are subject to Federal financial participation at 50 percent for repairing the home owned by an individual who is receiving aid or assistance (other than Medical Assistance for the Aged) under a State plan for OAA, AFDC, AB, APTD, or AABD if:

(1) Prior to making the expenditures the agency determined that: (i) The home is so defective that continued occupancy is unwarranted; (ii) unless repairs are made the recipient would need to move to rental quarters; and (iii) the rental cost of quarters for the recipient (including the spouse living with him in such home and any other individual whose needs were considered in determining the recipient's need) would exceed (over a period of 2 years) the repair costs needed to make such home habitable together with other costs attributable to continued occupancy of such home.

(2) No expenditures for repair of such home were made previously pursuant to a determination as described in paragraph (c)(1) of this section. This does not preclude more than one payment made at the time repairs are made pursuant to the determination, e.g., separate payments to the roofer, the electrician, and the plumber.

(3) Expenditures for home repairs are authorized in writing by a responsible agency person, records show the eligible person in whose behalf the home repair expenditure was made, and there is sufficient evidence that the home repair was performed.

EDITORIAL NOTE: For FEDERAL REGISTER citations to § 233.20, see the List of CFR Sections Affected in the Finding Aids section of this volume.

EFFECTIVE DATE NOTE: Paragraph (a)(13)(v) was added to § 233.20 at 47 FR 5678, Feb. 5, 1982. The effectiveness of this paragraph is pending OMB approval. The agency will publish a document in the FEDERAL REGISTER when approval is obtained.

§ 233.21 Budgeting methods for OAA, AB, APTD, and AABD.

(a) *Requirements for State plans.* A State plan for OAA, AB, APTD, and AABD shall specify if assistance payments shall be computed using a prospective budgeting system or a retrospective budgeting system. A State electing retrospective budgeting shall specify which options it selects and the State plan shall state that it shall meet the requirements in §§ 233.21 through 233.29. Budgeting methods for AFDC are described in §§ 233.31 through 233.37.

(b) *Definitions.* The following definitions apply to §§ 233.21 through 233.29:

(1) "Prospective budgeting" means that the agency shall compute the amount of assistance for a payment month based on its best estimate of income and circumstances which will exist in that month. This estimate shall be based on the agency's reasonable expectation and knowledge of current, past or future circumstances.

(2) "Retrospective budgeting" means that the agency shall compute the amount of assistance for a payment

§ 233.22

month based on actual income or circumstances which existed in a previous month, the "budget month".

(3) "Budget month" means the fiscal or calendar month from which the agency shall use income or circumstances of the family to compute the amount of assistance.

(4) "Payment month" means the fiscal or calendar month for which an agency shall pay assistance. Payment is based upon income or circumstances in the budget month. In prospective budgeting, the budget month and the payment month are the same. In retrospective budgeting, the payment month follows the budget month and the payment month shall begin within 32 days after the end of the budget month.

(5) "Make an assistance payment." In the context of retrospective budgeting, to make an assistance payment means that the check shall be deposited in the U.S. mail, hand delivered to the recipient, or deposited with an intermediary organization, such as a bank.

(6) "Supplemental payment." In the context of retrospective budgeting, a supplemental payment is a payment which maintains a family during the time it takes for the monthly assistance payment to reflect a change in circumstances or income.

[44 FR 26082, May 4, 1979, as amended at 47 FR 5678, Feb. 5, 1982]

§ 233.22 Determining eligibility under prospective budgeting.

In States which compute the amount of the assistance payment prospectively, the State plan shall provide that the State shall also determine all factors of eligibility prospectively. Thus, the State agency shall establish eligibility based on its best estimate of income and circumstances which will exist in the month for which the assistance payment is made.

[44 FR 26082, May 4, 1979]

§ 233.23 When assistance shall be paid under retrospective budgeting.

(a) A State which uses retrospective budgeting shall specify in its plan that it will make assistance payments within the following time limits to recipients who file a completed report on

45 CFR Ch. II (10-1-97 Edition)

time, and to those who are not required to file a report. A State shall choose one of two time periods for making assistance payments. The State plan shall provide that payment must be made:

(1) Within 25 days from the close of the budget month; or

(2) Between 25 and 45 days from the close of the budget month.

(b)(1) Where a State makes payments between 25 and 45 days from the close of the budget month, the State plan shall provide that the State will make supplemental payments as provided in § 233.27.

(2) If a State makes payments within 25 days from the close of the budget month, and also makes supplemental payments as provided in § 233.27, the State plan shall so specify.

(c) In States which issue two checks for each payment month, these time periods apply to the first check.

[44 FR 26083, May 4, 1979]

§ 233.24 Retrospective budgeting; determining eligibility and computing the assistance payment in the initial one or two months.

(a) States which make assistance payments within 25 days of the close of the budget month shall determine eligibility and compute the amount of the payment for all recipients prospectively for the initial month of assistance. These States may choose to determine eligibility and compute the payment prospectively for the second month, also.

(b) States which make assistance payments between 25 and 45 days from the close of the budget month shall determine eligibility and compute the amount of the payment prospectively for the initial two months of assistance.

(c) When a person who previously received assistance reapplies during the same month in which a termination became effective, eligibility shall be determined according to paragraph (a) or (b) of this section. However, the amount of the assistance payment for the month of the reapplication shall be computed retrospectively.
